

01/09/2020 **YMS Outdoor Meeting**

Eleven members turned out for our meeting today (8 has been our best attendance to date). The Sun was out and conversation flowing – what more can we ask for ?

Two bikes and a Trike transported members to this event. We chose a spot which allowed the sun to shine on us and the Council had recently cut the grass.

Travelling by bike meant that one member couldn't carry a chair therefore a grass seat was used.

This is the life – distanced but together

Our cars are parked the other side of the hedge – convenient when needed.

Much talk of who will be at the next meet – a couple of members about to go on UK holiday but others will no doubt fill the gap.
